

ATLAS AIR
WORLDWIDE

We are Atlas. We Carry the World.

We have the right business model and a roster of long-term, blue-chip customers who count on Atlas as a critical partner in their global supply chains. Our leading-edge aircraft fleet is like no other in the world.

And most importantly, we have an incredible team with both the skillset and mindset needed to lead and expand the industry, boldly and with a sense of urgency.

We are Positioned to Win.

- World's Largest ACMI Provider
(Aircraft, Crew, Maintenance and Insurance)
- Largest Charter Operator and Fleet of 747s
- Large Footprint, Scalable Network and Diverse Blue-Chip Customer Base
- Powers the Global Air Cargo Supply Chain
- Leading Performance, Reliability and Expertise
- Relentless Focus on Safety

Large, premium fleet offers flexible and scalable solutions.

SERVING THE SOUTH AMERICAN MARKET WITH SCHEDULED SERVICE

LEADING CARGO CARRIER

in South America, flights offered to many destinations multiple times per week to each location

OUR MODERN AND EFFICIENT 747-8F & 747-400F FLEET

serves all high-volume trade lanes in South America

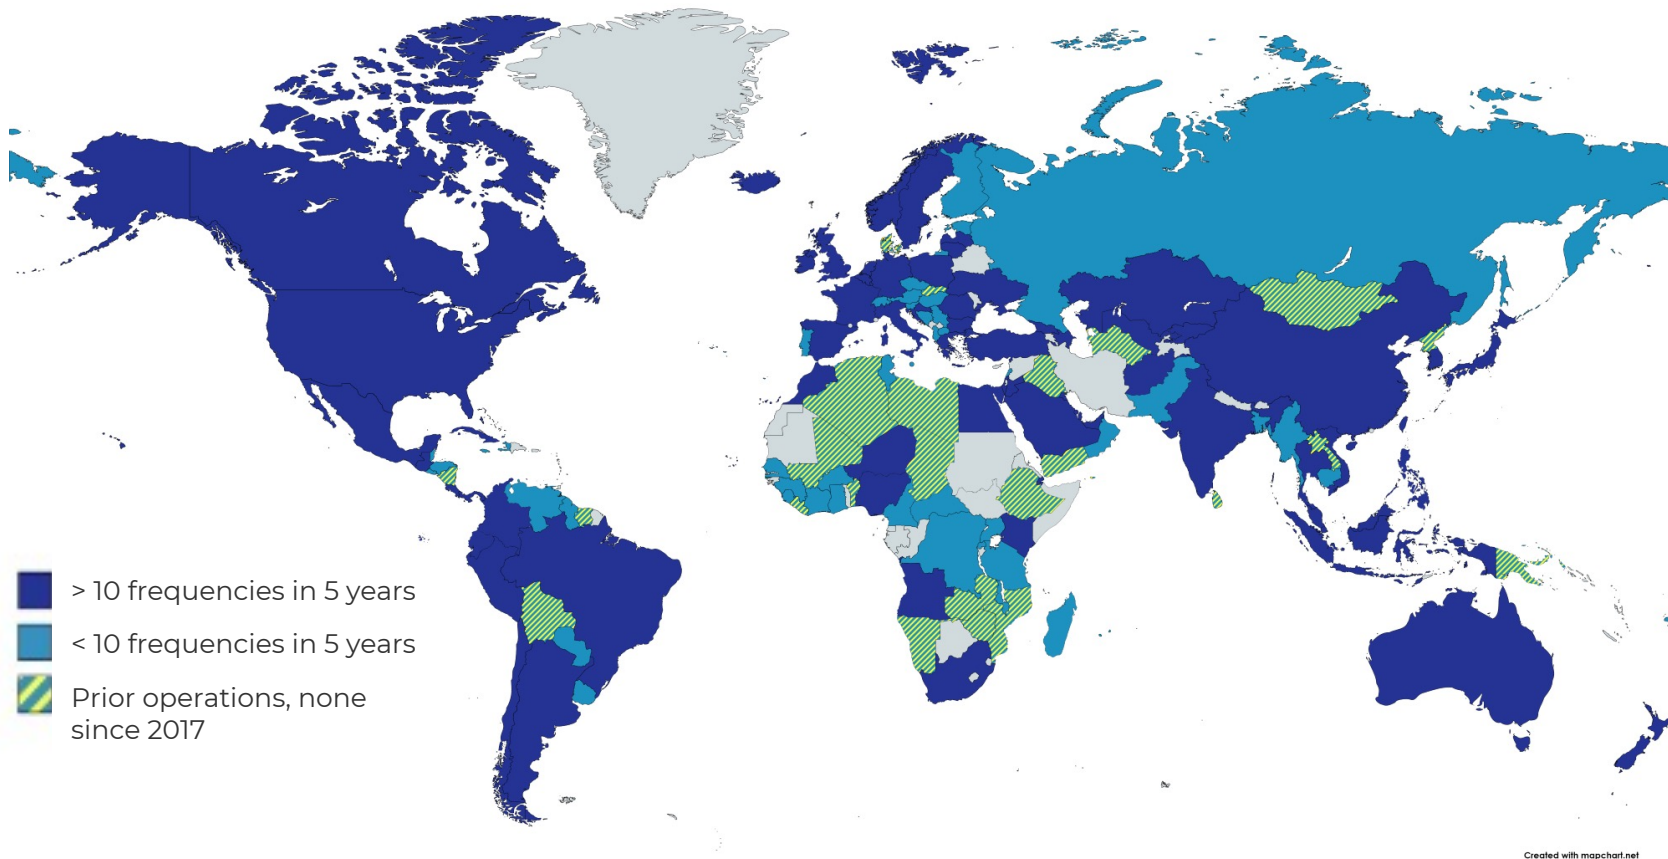

WE INVEST HEAVILY IN PRODUCT ENHANCEMENTS

fully dedicated cargo facilities
24/7 visibility of cargo status

WE OFFER TIME-DEFINITE SOLUTIONS

throughout a large global network, connecting customers in South America with the world through our scheduled service

GLOBAL TRAFFIC RIGHTS

Traffic rights

- US AOC traffic rights are some of the most flexible in the world, more so than EU carriers
- Atlas Air can serve most countries in the world, having served more than 130 countries since 2017 – more than any other airline in the world*

Slots

- Atlas Air has close relations with most important slot coordinators around the world
- Atlas Air has unique slots at key airfreight gateways in China, Hong Kong and other countries
- Certain countries have lengthy application procedures before a new airline is allowed to operate (e.g. China)

CARING FOR THE WORLD WE CARRY

REDUCING OUR CARBON EMISSIONS

We support IATA and A4A's commitment to achieve net-zero carbon emissions in aviation by 2050, reflected in our goal to **reduce our absolute Scope 1 emissions by 20% by 2035**.*

*compared with a 2021 baseline

At Atlas, we believe that creating a positive impact is not only integral but essential to our business and how we deliver value. We have been connecting people, communities and economies for more than 30 years.

OUR SUSTAINABILITY STRATEGY

Our sustainability strategy aims to support decades more of **profitable, sustainable growth** by driving **environmental and social responsibility**, supported by **responsible corporate governance**. We aspire to play an important role in the **decarbonization of the aviation industry** while driving progress across sustainability issues that are material for our business. **Collaborating closely with our customers and communities**, we are **pioneering innovative solutions** that pave the way for a **sustainable future in aviation**.

As part of our sustainability strategy, we have identified four strategic pillars:

OUR SUSTAINABILITY PRIORITIES

Preserve Our Planet

Maximize Social Impact

Care for Our People

Grow Responsibly

THANK YOU
